

ASSET RETIREMENT OBLIGATION (ARO)

Identifying environmental liabilities and value enhancement opportunities represent a critical component of the due diligence process for any significant transaction including acquisitions and divestitures. At Vertex we assist clients with liability reduction strategies that occur due to environmental challenges and aid in the effective management and distribution of funds required for the retirement of assets.

With a team of professional environmental consultants and project managers with experience in the regulatory and audit process, Vertex offers document preparation, estimate and submission services that ensure regulatory compliance. Through our large network of offices, Vertex has local knowledge of regulatory practices and have developed professional relationships with governing officials that aids in navigating the regulatory process.

Services

Vertex provides assessment and liability consulting services, including services related to:

- Liability Management Rating Program (LMR)
- Licensee Liability Rating Program (LLR)
- Oilfield Waste Liability Program (OWL)
