

# COMMERCIAL SERVICES

Vertex's commercial services combine cost-effective evaluations with practical advice, offered in service regions across North America.

Vertex protects clients' interests as they pertain to real estate divestiture, sale or acquisition, lease or finance through detailed site assessments and recommendations. Our expertise also help to protect owners from issues related to health, cost, and work interruptions by understanding and managing chemical and physical hazards in the workplace.

## Services

- Environmental Assessment & Remediation
- Occupational & Industrial Hygiene
- Geo-technical Engineering
- Environmental Planning & Aquatics
