

MINERAL LAND SERVICES

Vertex provides integrated mineral acquisition and stakeholder consultation services throughout North America. Our team of senior negotiators and administrators provide detail oriented agreements and solutions to meet the mineral needs of our clients. Following proven processes, our team completes a thorough review of all documents (titles, caveats, ownership) to provide a clear assessment of all possible issues. With an unmatched level of professionalism, our team is presented with multiple re-leasing opportunities when working with mineral owners.

Services

What sets us apart?
