

# ACQUISITION & DIVESTITURE (A&D)

With an integrated suite of services, including land, environmental, geographic information systems (GIS) and First Nation consultation, Vertex is capable of completing projects ranging in any size and complexity. Our diversity creates a flexible and knowledgeable team capable of delivering services in surface, mineral, contract review and joint venture.

With a dedicated team of land professionals, with expertise in this specialized portion of land assets, we are able to complete extensive reviews of title searched, registered documents, registered SPIN plans, Abadata licenses and crossings.

Our unique combination of surface, mineral and environmental services create unique pre-close and post close acquisition and divestiture services.

## Services

### Pre-Close

- Seller - Document Preparation & Verification of Administration
- Buyer - Due Diligence & Integrated Mineral, Surface & Environmental Solutions

### Post-Close

- Buyer & Seller - Contract Administration, License & Transfer System Integration
