

INDUSTRIAL CLEANING & TURNAROUNDS

Vertex provides turnaround and industrial cleaning services through our fleet of modern, fully equipped combo units, high pressure units, chemical trucks, hot oilers and steam trucks. Vertex is capable of performing maintenance, overhaul, industrial cleaning, and repair operations during planned or unplanned, total, or partial shutdowns of a process unit or plant.

With the ability to mobilize to your site quickly and efficiently with the proper equipment, Vertex can complete all sizes of projects in a safe, cost effective and timely manner.

Utilizing our versatile suite of services, Vertex offers unique turnaround efficiency opportunities for our clients and can become the sole responder for your plant, tank and exchanger cleaning and turnaround requirements.
