

PETROCHEMICAL

Vertex works with your team to reduce downtime while ensuring the safe, compliant and efficient operation of your facility. Whether your facility is in the construction, operation or maintenance / turnaround phase, or requires decommissioning, Vertex offers a suite of services to help you meet your project goals. With experienced industrial cleaning operators, environmental, safety and construction professionals, Vertex has the capability of being your sole contractor during your facility turnaround or maintenance project.

With trained on-site rescue professionals, Vertex is also capable of performing your high angle and confined space assessment and rescue plan requirements.

LET VERTEX DELIVER VERSATILE SOLUTIONS WITH EXPERTISE ON YOUR NEXT PROJECT!
